

# Candlelight Vigil Walk

Join Bridging Freedom for a community candlelight vigil to send light and love to all the young victims of sex trafficking in desperate need of rescue.

We'll hear from inspiring speakers and carry candles to light up Tampa's Riverwalk. Together, we can illuminate the power of community and, through Bridging Freedom, heal the hurt in so many precious, young lives.

We will close in a moment of silence, our candles held high, to acknowledge the victims suffering right now. Let's put a stop to this unspeakable, epidemic crime against our children and show them there is a way out of the darkness.
